Security Question Answer: _____

***It is recommended that you wait until you are purchasing a silencer/NFA item to go through the fingerprinting process to avoid the \$40 kiosk fee. The rest of the processes can be completed at any time. There is no transfer fee for NFA items purchased through either L.E.P.D. or Silencer Shop. There will be a \$100 transfer fee, per NFA item, purchased or transferred from a third-party vendor.**
